

University of Minnesota

Public Access Defibrillation

INSTRUCTIONS

After this device is used (once Emergency Services have arrived) notify an officer or police dispatch of the device's use so they can contact the Department of Emergency Management (DEM).

Maintenance Information

If the cabinet has been opened, or if the device or cabinet are beeping, contact police dispatch at their non-emergency number, 624-COPS.

If there are other maintenance issues, if you have any questions about the device installation or maintenance, or if you have questions regarding training, please contact DEM at 612-625-8047.
